FUSF Fee Changes July 1, 2020

Your Federal Universal Service Fund (FUSF) fee may change on July 1, 2020. Authorized and reviewed quarterly by the Federal Communications Commission (FCC), the FUSF funds programs to keep local telephone rates affordable for all customers and provides discounts to schools, libraries, rural health care providers, and low-income families.

Notice Regarding Disclosure of Billing Name and Address to Third Parties

If you accept any collect or bill-to-third party calls to your local telephone number, your billing name and address (BNA) may be disclosed to other telecommunications providers and their authorized billing and collection agents as required under the policies and rules of the Federal Communications Commission (FCC). You have the right to request that your BNA not be disclosed to third parties by contacting Verizon at 1.800.Verizon (1.800.837.4966) to request a block. If you have an unlisted or non-published number, you must still request a block to prevent disclosure of your BNA. This also means you've given your consent to disclosure beginning 30 days after the first time you are advised of the information in this notice.

Caller ID Blocking and Automatic Number Identification

Caller ID Blocking - You can prevent the display of your telephone number on a Caller ID phone with these options:

- Per-Call Blocking To block your number on a per call basis, press *67 before making a call (1167 on a rotary phone).
 There is no charge for this using this option.
- Line Blocking You may order per line blocking in states where it's available to block your number for all outgoing calls. You can press *82 before a call to allow your number to display on that call (1182 on a rotary phone).

Automatic Number Identification - When you call 911, or dial 800, 888, 877, 866, 855, 844, 833 and other toll free numbers, the party you call can identify your telephone number using a network technology called Automatic Number Identification (ANI). Caller ID blocking may not prevent the people who answer such calls from seeing your phone number and name. Federal Communications Commission (FCC) rules do prevent parties that are assigned toll free numbers from reusing or selling the telephone numbers identified through ANI without the subscriber's consent.

Restatement of Charges

This chart restates your charges by category. To help you maintain your basic telephone service when you can't pay your bill in full, Verizon applies your payment first to Basic and then to Non Basic. Basic includes local calling charges, applicable taxes and fees. If you don't pay the Past Due Basic amount, Verizon could disconnect your local telephone service after you receive a separate written statement. If you don't pay the Non Basic Past Due amount, Verizon won't disconnect your local telephone service but your other services may be suspended. The Board of Public Utilities regulates Verizon New Jersey.
